Customers want

Any customer service interaction is **4x** more likely to drive *disloyalty*, than loyalty.

Today, most customer support software is siloed leading to fragmented experiences

“We want to make as many channels available to our customers as possible. Zendesk gives us a system where the customer can engage with us in the way that they want to, and we then have the capability to serve them all the way through”

Bernie Gessner

Vice President of Global Customer
Care & Retail Operations

“It was important to find a solution that can flex and change alongside us like Zendesk does.”
